INTERESTS OF REDWOOD CITY
AND SAN MATEO COUNTY

VOLUME LXIV, NUMBER 27. REDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, SEPTEMBER 15, 1923. ESTABLISHED 1859

WORK ACTUALLY STARTED ON LARGE CEMENT PLANT

Work has actually begun on the construction of one of the largest cement plants in the state on the marsh land here. Piota, engineer of the cement company has a crew of about thirty men at work, and a pile driver is busy driving piles for a dam being thrown across the Homestead Gutter, a small arm of the West Point Creek, near the Crystal Salt Works. A large dredger is expected today from San Francisco, and immediately upon arrival it will begin dredging shells from the slough to be used both in the construction of the road and for the plant when it is ready to start operations.

The engineering firm of Palmer & McBride have the contract for the construction of the road, which will lead to the great plant. It is understood that the road contract alone involves $100,000. According to an announcement made this week, the road will be completed about in February of 1924.

The dredging operations are being done under a contract with the San Francisco Bridge Company, one of the largest engineering firms in the United States, which is employing the latest machinery known to the engineering world in the construction work here.

It is expected that work will be started upon two large kilns in the near future, and it is not unlikely that a large and ever increasing force of men will be employed in this new enterprise.

The situation is ideal for a plant of this kind, and it is questionable whether in any other location all conditions could be found so to harmonise with the needs of such a factory. With almost limitless supplies of calcium carbonate in the form of shell beds deposited by present day and extinct species of oysters, beds many feet thick and covering the bay bottom for miles; and with the alumina necessary for the formation of cement present in a finely divided state in the form of the bay mud, thus obviating the costly process of grinding, no better location could be imagined as far as natural resources are concerned. Added to the natural advantages offered by such a location, there exists here in Redwood City facilities for transportation seldom equaled. The bay on whose shores the new plant is to be built, offers a cheap and convenient method of transportation to the farthest as well as to the nearest points, whether situated on ocean, bay or river. The tracks of the railroad extend right to the water's edge, while for motor transportation, there only exists the need of a mile or two of road to connect the spot with the greatest commercial highway in the state.

That Redwood City will benefit by such enterprise as this is not to be questioned, and it is not at all unlikely that the erection here of a plant, which the engineer in charge says will be the greatest thing on the peninsula, will lead other similar concerns to see and take advantage of Redwood City's great advantages.

AN INTERESTING BOOK

We received a very interesting little book this week. It is called "Reading To Find Out," a silent reader for Primary Grades, by Frances Ross.

Miss Ross, who is the daughter of Dr. J. L. Ross of this city, is assistant director of the Moraine Park School of Dayton, Ohio.

The book, which has just been published by the MacMillan Company, contains directions for playing forty-six games which every primary grade child will love. The idea of Miss Ross is to have the pupil read the story and then tell how the game is to be played. Practically all of the primary readers used in the public schools use highly imaginative material, and Miss Ross desires to depart a bit from this and develope the thinking rather than the imaginative qualities of the child.

The book will be welcomed by school people as it furnishes a wealth of material of every day value.

AVOID SUMMER FAG

by letting electricity do the work.

August Lund Dies in San Bruno

Last Sunday, August Lund passed away at his home in San Bruno, and was buried Tuesday afternoon. He was an old resident of San Mateo County. He came to Menlo Park about forty years ago and after several years residence there, moved up to San Bruno, and was one of the pioneers of that town. He engaged in building contracting and built a great many of the houses in that city. He always took an active part in politics and was well known to all the people in Redwood City. His widow survives. He has no children, or other relatives other than his wife. At one time he was the Street Superintendent of San Bruno and held other offices in that municipality. He had some choice property in San Bruno and in San Francisco and has left his widow well provided for.

REV. C. L. PECK GIVEN FAREWELL PARTY

Rev. C. L. Peck, who for the past year has guided the affairs of the Methodist Espiscopal church of this city, and who resigned last week, was given a farewell reception in the church last Wednesday night. Mr. Peck has been a faithful shepherd, and has labored without stint for the church of which he was pastor and for the town in which he has lived. He has been a friend to every one with whom he has come in contact of, and his pleasant smile and sunny disposition have left an influence in Redwood City that will last long after he has left here. The auditorium of the church was filled to more than seating capacity last Wednesday, by friends of the pastor, who came to express their sorrow at seeing him leave, and to wish him prosperity. An interesting and enjoyable program had been arranged and each department of the church was represented. Many who were not members of the church and some who belonged to other churches, praised the departing pastor for the manner in which he had administered the affairs of his charge.

Mr. Peck found a church where the attendance was on an average of about ten. He leaves a church which at nearly every service is filled to capacity. During his term here he more than trebeled the membersrip, and at the end of the year he leaves the church on a sounder financial base than it has ever enjoyed. Thih is a record that Rev. Peck may well be proud of.

The resignation of the popular pastor was due to ill health. He intends to go to Florida, and will rest from the ministry for a year or more. Next Sunday he will fill the pulpit as usual, although he has already resigned. Sunday is conference Sunday when Methodist churches are usually without a pastor, but Redwood City is fortunate in having one, and in having one like the Rev. C. L. Peck.

CONGREGATIONAL WOMEN CELEBRATE JUBILEE IN S. F

On Tuesday, Wednesday and Thursday of next week, the Woman's Board of the Pacific will celebrate its Jubilee. This is one of the oldest of the women's organizations of the Congregational Church.

On Tuesday, Sept. 18th, the sessions begin at 10 o'clock at the First Congregational Church at Post and Mason Streets in San Francisco. Registrations will be called for. There will be a demonstration of methods and business. At 1:30 Dr. James La Gordon and President Aurelia H. Reinhardt will deliver the addresses. At 8:00 in the evening a play entitled "The Spirit of Service" will be presented in the Civic Auditorium in Oakland.

On Wednesday, Sept. 19th, the all day and evening services will be at Plymouth Church in Oakland. The services will begin at 10 in the morning with a resume of the work, consecration of missionaries. At 1:30 the principal address will be delivered by John Merle Davis, an international figure in Y. M. C. A. circles, who is now on the Pacific Coast, making a special study of American-Japanese relations. Dinner will be at 6:00, at which time a stereoptican lecture will be given upon the work of the Board. At 8:00 the address of the evening will be by Prof. T. R. Glover of England.

Thursday, Sept. 20th, will close the celebration with all day and evening meetings in San Francisco at the First Congregational Church. The services are scheduled at 10:00 with an address by Mr. T. Komatsu, President of the Toyo Kisen Kaisha Orjental S. S. Co., and at 1:30 an address by missionaries and communion service. At 7:00 in the evening, Mr. Uda Waldrop, the municipal organist will give an organ recital. At 7:30 Rev. O. W. S. McCall will deliver the address, which will be followed by a commission service for Miss Julia M. Wagner, Miss Ruth A. Andrews, and Miss Edith Sanderson.

A social aftermath of the celebration will take place in a trip to Santa Cruz and tea at Mrs. Blaney's home at Saratoga.

NEW PETITION FILED TO INCORPORATE MENLO

A petition signed by 122 voters of Menlo Park was filed in the office of the county clerk of San Mateo county last Tuesday. The petition asks that an election be held in Menlo Park for the purpose of voting on the question of incorporation. In all its chief details, the petition is the same as the one presented to the board of supervisors a few weeks ago, with the exception of a small piece of territory now included in the town of Atherton.

Public opinion in the territory to be incorporated, seems, from all accounts, to be practically unanimously for the formation of a town government. Before this can be put into action, however, the board of supervisors must hear the petition and then call an election for the purpose of incorporating.

The petition presented to the board before was never heard, due to the fact that the petition for the incorporation of the town of Atherton had been filed a few hours before, and as the two petitions included overlapping territory, it was ruled by the board that the second petition could not be heard until after the election had been held in Atherton. As announced in our last issue, the election in Atherton resulted in an almost unanimous victory for those favoring incorporation. Now Menlo Park may proceed with incorporation plans, and according to the best advice, a similar result will follow

The proponents of the incorporation of Menlo Park have secured the services of three of the best municipal attorneys available, C. N. Kirkbride, city attorney of San Mateo, Norman E. Malcolm, city attorney of Palo Alto and James T. O'Keefe of Redwood City.

Frank Drum Will Filed

The will of the late Frank G. Drum was filed for probate in San Francisco, Saturday. Practically all of the estate, which is very large, was bequeathed to his two sons, Frank G. Drum Jr., and Allan V. Drum. Fifty thousasd dollars each was left to two sisters and a brother, twenty-five hundred dollars to his housekeeper and seventeen thousand five hundred dollars to charity. Mrs. Cassie D. Hitchcock of Burlingame, sister of the deceased is named as guardian of the two sons.

MANY SEQUOIA STUDENTS IN HIGHER INSTITUTIONS

Many of the students who graduated last term from the Sequoia Union High School have enrolled in institutions of higher learning. Of these institutions the San Jose State Teachers College received the largest number. The following girls are preparing for the profession of teaching in that institution: Rosemary Ryan, Bessie McGinnis, Bessie Payne, Agnes Flynn, Helen Crowthier, Adalina Hall, Irene Crosby, and Deloris Lyons. Stanford seems to be more popular with the boys as four boys and one girl have registered for further education at that place. These are: Jack Parsons, Donald McKee, Harry Arnold, Carlyn Scherer, and Marcella O'Keefe. One student, Joe Weeden, has gone to the dental college of the University of California. Ernest Locatelli goes to Santa Clara, Edward L. Conner to the University of Cincinatti, Lucie Bently to the University of Oregon and Garl Zeh to the San Mateo Junior College. Donald Kirtland is already attending the University of Nevada.

MOTHER OF MRS. KING PASSES AWAY HERE

Mrs. Wilhelmina Dutschmann of San Jose, mother of Mrs. Walter King of Kings Mountain Ranch near here, passed away at the home of her daughter last Wednesday. Mrs. Dutschmann has been ill for several months past, during which time she has been visiting at the King home. The funeral was conducted by the Layng & Tinney Undertaking Company here, the services being in charge of Rev. C. L. Peck. Interment was in Mt. Olivet Cemetery.

LOCAL MEN HURT IN AUTO WRECK

Three young men of Redwood City narrowly escaped death last Sunday and two of them were badly hurt when the car in which they were riding struck one of the plaster posts at San Carlos. The most seriously injured of the three was Henry Mengles, who is still in the hospital here suffering from internal injuries. Charlie Foley, another of the three, suffered a fractured rib, while Harold Mitchell, the third, escaped with a few bruises. The car turned over when Foley, who was driving, turned suddenly to miss a car which stopped in front of him.

LOCAL HAPPENINGS OF GENERAL INTEREST FOR WEEK

Dudley Moulton, chief horticultural commissioner of San Francisco, has come to spend a few months in Redwood and with his wife and two boys has taken the Crosby house on Jeter Street. Mr. Moulton being an employee of San Francisco has to maintain his residence in San Francisco, but he has purchased a lot here and expects at some future time to build here.

—Some travel the straight road to success, others retire along the roadside. Let us retire for you in time. Brown's Tire Shop, Phone 303 J. Advt.

H. W. Gray, Salada Beach farmer and business man, was in Redwood City Thursday.

John P. Weller has resumed his work as manager of the local branch Bank of Italy, after having enjoyed a two weeks' vacation at Byron Springs.

Ed. Stack and Mrs. Virginia Pohl of the County Auditor's office, were with a party of ten who enjoyed the last week end in the Big Basin.

—If William let his girl treat him to sodas, when he asked for her hand, should father foot her Bill? To foot a small bill deal with Ryan's Drug Store. Advt.

Mr. and Mrs. George Mitchell, Mr. and Mrs. George Mulcady and Mrs. Minnie Cronk were in Alameda Tuesday to attend the funeral of W. F. Stone, the well-known ship builder who passed away in the east bay city. Mrs. Stone who has often visited her three sisters here, has the sympathy of her Redwood City friends in her bereavement.

H. W. Schaberg, secetary of the San Mateo County Building and Loan Association, has let the contract for the construction of a home on his property on Webster St., just back of the Court house. The new home will adjoin his present dwelling. Work on the structure was commenced Wednesday.

—To get the feeling of Spring in your step, why not a pair of rubber heels from The Economy, 65 Broadway. Advt.

Mrs. E. C. Clay, of Highland Avenue, Burlingame, sister of Mrs. Adelaide Butts of this city, will leave next week for a trip to the Hawaiian Islands. She will go with friends and expects to be away several weeks.

Dr. and Mrs. Lloyd Clary and their son, Hugh, were here from Antioch, Sunday and Monday visiting friends.

Howard Beck, a former Redwood City boy, who for the last three years has been working with an uncle in Bakersfield, is visiting in town this week. He expects to remain about a fortnight.

C. Demmett Robb, a student in the Haughton Mining School of Michigan, a veteran of the late war, is visiting his mother, Mrs. A. M. Robb. He expects to return to Michigan next week.

Mr. John F. Mason on Saturday met one of his friends who was a teacher with him in the Eugene, Oregon, High School last year, and together they spent the week end camping on the coast sides. They returned to Mr. Mason's home here Monday night.

—When the fuse blew out and he immediately fixed it, did she consider him a good electrician? No, she considered him a "poor boob." A man sometimes shows off as poor as electrical fixtures not installed by A. W. Grimnstein. Advt.

Dr. and Mrs. John Cooke left Tuesday morning for their home in Los Angeles after having spent the summer with Mrs. Cooke's parents Mr. and Mrs. Henry Steinberger. Dr. Cooke is a proffessor in the English department of the University of Southern California and has been doing summer work at Stanford University.

E. R. Drivon, chief machinist of the Frank Tanning Company here, left yesterday for San Francisco on the first lap of a twenty day trip around California. During his vacation Drivon expects to visit Los Angeles and Santa Catalena Island. He will be accompanied on his trip by George Sampson.

—If Mrs. Brown heard her husband had a chicken for dinner, by what fowl means, was she deceived? Not to be deceived by any means in values for men, visit Marcus & Sons. Advt.

Oscar Olson was home from the University of California to visit his parents here over the week end. Before returning to Berkeley, he crossed over to the summer camp of the Locker family at Pescadero and visited them on Monday.

Hal C. Ross, the well-konwn attorney of this city has been elected a delegate to represent the San Mateo Elks at the state convention, which will be held in Eureka the last three days of next week.

Walter T. Kellogg, M. L. Page and Carl Johnston represented the Redwood City District of the Pacific Gas & Electric Co. at the annual gas and electric convention which was in session at Del Monte from Tuesday to Friday of this week. Approximately four hundred power men from all over the coast were in attendance at the convention.

—Everyone knew Max well, so he could not a(f)Ford to Dodge Overland. We can fix you in any kind of auto. Lee's Auto Repair Shop. Advt.

Mrs. A. M. Robb has as her guest this week Miss Messinger of Chicago. Miss Messinger will remain here about a fortnight.

Mr. and Mrs. Robert Place are the proud parents of a ten pound baby girl born last Saturday.

—Now-a-days when the color suddenly leaves a girl's cheeks, the man will likely find it on his coat. When anything comes off, the place for the jewelry is at George Peterson's at 214 Main St. Advt.

SUPERIOR COURT NOTES

In the Superior Court of San Mateo County, State of California. Present. Hon. Geo. H. Buck, Judge. Dated September 15, 1923.

Estate of Bessie Harris (Petition for letters of administration) continued one week.

Estate of Elizabeth Nelson (Further hearing on first and final account and petition for distribution) Settled and distrinbuted.

Estate of Carl W. Rosengren, alias (Petition for letters of adminstration) granted.

Estate of William H. Lapp (first and final account and petition for distribution) continued one week.

Estate and guardian of Henry F. J. Butts, incompetent. (first account and report of guardian) settled.

Estate of Mary Stratton Jones (petition for partial distribution) granted.

Estate of Elias Knudson, alias (first and final account and petition for distribution) settled and distributed.

Estate and guardian of Adah S. Chandler, incompetent (petition for order of restoration) granted.

Estate and guardian of Adah S. Chandler, incompetent (first and final account of special guardian) settled and distributed.

Estate and guardian of Adah S. Chandler, incompetent (first and final account of guardian) settled and distributed.

Estate of Henry Ralph Smith (petition for letters of administration) granted personal bond $2200

Guardian of Harvey Johnson, minor (petition for letters of guardianship) granted bond $100.

William John Dougherty vs. Dolly Sheehan et al (demurrer of defendants to complaint) continued one week.

Bank of Italy, a corporation, vs H. F. Moss etc., et al (motion to set cause) dropped.

Frank Lopez vs. Isabel Lopez (motion for fees, costs and alimony) dropped.

Charles W. Ayer vs. E. Ishizaki (trial) trial set for Thursday Sept. 20th, 1923.

Elizabeth R. Skirvin vs. Harvey L. Skirvin (further hearing order to show cause in re-contempt of court) continued two weeks.

In re-appeal of Jos. Antone Azevedo for alternative writ of mandate, continued two weeks.

In re-petition to establish late of birth of Godfrey August Bahler, continued one week.

In re-homestead of Carl W. Rosengren, alias (petition to vest homestead) granted.

In re-title to certain real estate standing in the name of Alexander F. Findlay, deceased and Anna Sullivan (petition of Ann Findlay to vest real estate) granted.

C. F. Humphrey vs. Frank Bragg, et al, default (trial) judgment for plaintiff.

In the mater of the application of San Francisco Church Extension Society of the Methodist Espiscopal Church, a religious corporation, for permission to mortgage real property, continued one week.

M. Newman, et al, vs. A. B. Tarpey, et al (motion to strike out parts of complaint) submitted, demurrer overruled ten days to answer.

People vs. Ralph Dickinson (arraignment) continued one week.

Helen Donaldson vs. Maddalena Tarzani, et al, trial set Thursday, September 20, 1923.

Stasia Emmison vs. George Belle Emmison (trial) judgment for plaintiff interlocutory degree.

Isabelle Gertrude Alvis vs. George J. Alvis (trial) interlocutory degree judgment for plaintiff.

People vs. Elwyn W. Lee (arraignment) Monday to plead 10:00 o'clock Sept. 17, 1923.

People vs. Charles F. Sherman (arraignment) continued one week.

People vs. Charles H. Miller (arraignment) pleads guilty, Sept. 17, 1923 for sentence.

FORMER HALFMOON BAY RESIDENT DIES

Mrs. Sadie A. Savage, a former resident of the Coastside of San Mateo County passed away in San Francisco, Tuesday night after an illness of several months.

Mrs. Savage was the daughter of Robert Savage Sr., one of the pioneers of San Mateo County, and was born near Halfmoon Bay. She spent her girlhood there and after graduation from the school in that place became a teacher. She taught in the San Gregorio, Alpine, Halfmoon Bay and Purissima Districts for a number of years. About eight years ago she gave up teaching and went to Guerneville to reside. Two months ago she became ill and was brought to San Francisco for treatment. Everything that medical science could do was done for her but it was of no avail and she passed out into the great beyond Tuesday evening.

She leaves to mourn her loss, a son, Robert Savage, her father, a sister, Mrs. Joseph Westkamper of Daly City, and three brothers, William J. Savage, District Superintendent of the Jefferson School District, Daly City, and James and Robert Savage Jr., of Halfmoon Bay.

The funeral was held yesterday, Mass being said at the Catholic Church, Colma, and interment being in the family plot at Halfmoon Bay.

The death of Mrs. Savage takes a gentle, sweet-mannered, Christian woman from our midst. During her lifetime she left an indelible imprint upon every young life that came in contact with her, and the example which she gave to her boys and girls will live long and will help many of her former pupils to be better citizens than they might otherwise have been.

Woman's Club to Hold Reception

The Redwood City Women's Club will hold a reception for the teachers of Redwood City and for the mothers of children on Thursday afternoon, at 2:30. The affair will be at the Women's Club house, and will be in charge of the board of directors, who are the hostesses of the day. New and prospective members are also urged to be present.

FIGHT RESULTS

Dempsey defeated Firpo by knockout in second round in the world championship prize fight last night.

WOODSIDE ITEMS OF MORE THAN PASSING NOTE

Mr. and Mrs. Fred Mighall and Mr. and Mrs. Henry McArthur motored to Santa Cruz last week end and spent their holidays at Hotel Casa del Rey.

Dr. J. Craig Neel and family, who have been with us since early summer returned to their home in San Francisco on Friday.

Mrs. Bradford Leavitt is giving a theatre party on Saturday for her grand-daughter, Grace Helen Eaves, and Kathleen Gish, motoring to San Francisco to see Topsy and Eva at the Alacazar.

Mr. A. H. Audiffred is making extensive improvements upon the place he purchased here some time ago. When completed, it promises to be one of the show places of Woodside.

Mrs. Henry McArthur entertained a number of her friends at dinner at their camp among the redwoods.

Mrs. Wm. Roth took her string of horses to the horse show at Stockton, but she was unable to exhibit Lou Ann, one of the best of the stable owing to a lamness that developed after the arrival at Stockton.

The children of the Woodside School have been much interested in making up a fund for the sufferers in Japan. Some of them have contributed generously out of the money earned during the season by picking prunes.

Have you noticed the yellow blotches beginning to appear on the mountain sides? The maple leaves are beginning to turn color, and while we do not get the gorgeous coloring of the frost nipped eastern woods, the leaves of the Caiflornia maple do show a very brilliant yellow, with here and there a splotch of red.

FAMOUS COLORED JAZZISTS TO PLAY HERE TONIGHT

New Orleans Jazz Band, the organization that has filled hundreds of phonograph records with the tunes that tickle the feet of a nation and which has furnished music for the famous Ziegfield Follies in New York, will play for the grand ball to be given at Foresters hall, tonight. The musicians are 9 colored artists, every one a master of his instrument, with Wade Whaley (himself) famous claronetist, composer of "Tin Roof Blues," Weary Blues" and "Tiger Rag." Dancing starts at 8 o'clock.

There will be an interesting meeting of Sequoia Chapter O. E. S. next Monday night when past matrons of the Chapter will confer the Star degree. It is expected that a large attendance will be present to see how well the former presiding officers remember their work.

DUMBARTON BRIDGE ASSOCIATION HOLDS IMPORTANT MEET

A meeting that will probably be recorded in time as one of the milestones of Peninsula developement took place in the supervisors' chamber at the court house last Tuesday night. The meeting was that of the Dumbarton Bridge Association, held for the purpose of arranging for the formation of the holding corporation necessary under the permit granted to the bridge association by the War Department.

This meeting was presided over by Frank K. Towne, president of the Dumbarton Bridge Association, and one of the pioneers of the bridge idea. The principal speaker of the evening was John Lyle Harrington of the engineering firm of Howard Harrington and Ashe, one of the greatest bridge contracting firms in America. Harrington, whose firm is to do the construction work on the great span, was very enthusiastic over the outlook and declared it to be one of the greatest business opportunities ever offered to the business men of the bay region.

During a short talk in which he outlined the plans for financing the bridge, Towne said that the bridge would cost $2,500,000, of this amount $700,000 or $800,000 would be sold as stock to investors of the bay district, the remainder would be covered by a private bond sale. Harrington enlarged upon the opportunities offered as an investment. The tolls have been fixed, he said, and are exceedingly low. But as the government only allowed a profit of 15 per cent, he suggested that the rates might have to be reduced later on.

John Mac Bain, one of the directors of the association, and one of the foremost promulgators of the project, said in part:

"I have dreamed of the bridge every night up to the time that I heard that the Government permit had been granted. Now I've quit dreaming. I know the thing is no longer a dream. It stands now as the Peninsula's greatest opportunity. People who don't invest in the stock issue will be absolutely crazy. Such opportunities do not come often."

Another enthusiastic booster for the proposition was Fred Drake of San Carlos, who said in substance that as long as money could be invested at 15 per cent at home, in a project which was safe from every angle, and protected by the government, it was foolish to invest it in the East or anywhere else away from home. Drake characterized the bridge project as the greatest opportunity ever offered to the local investor.

Harrington explained some of the technical points of the bridge construction. It will be three quarters of a mile north of the present railroad bridge, he said, where the bay is narrower and the land is higher. The bridge should take about a year and a half to build, he estimated. The exceptional climate of this locality, Harrington said, would aid the construction of the bridge, as work could proceed for the whole time. He thought that this circumstance might speed the conclusion of this great project.

Pioneer Woman Passes Away

Mrs. Mary Crowhurst, wife of Henry Crowhurst retired laundryman of this city, passed away at her home on Spruce street last Saturday. Mrs. Crowhurst had been a sufferer from ill health for some time, but was stricken with the cause of her death, apoplexy, a few days before.

Mrs. Crowhurst was a native of Ireland, but had come to Redwood City many years ago, and for years had assisted her husband in the laundry business, which he formerly conducted here. She leaves in addition to her husband, a sister, Mrs. Ellen Satsfield, also of this city.

The funeral was hled last Monday, and was conducted by the James Crowe Undertaking Company. Services were held in Mt. Carmel Catholic Church, and interment was in Holy Cross Cemetery in Colma.

BELMONT MAN ANSWERS TO LAST SUMMOMS

George L. Center, who has made his home in Belmont for a number of years, passed away at his home on Ralston Avenue, Wednesday, after an illness extending over several months. Mr. Center was engaged in business in San Francisco up to the time of his illness and enjoyed the esteem of every one in the business world of the metropolis.

He was born in Scotland over 80 years ago, but came to California as a young man and engaged in business with one of his brothers. He is survived by his widow, Mrs. Margaret E. Center, and by three brothers, Alexander, James and Samuel Center. He was a member of Occidental Lodge No. 22, F. & A. M., and was also a Knight Templar and Mystic Shriner.

The funeral was held yesterday and was conducted by his Masonic Lodge in San Francisco. The interment was private.

PROMINENT BANKER DIES

Manuel T. Freitas, of San Rafael, passed away in Santa Cruz Wednesday, following a paralytic attack on Tuesday. Mr. Freitas was a man of considerble importance in the banking world and was one of the directors of the Bank of Italy.

When the Redwood City Commercial Bank, now the Bank of Italy, was formed, Mr. Freitas took stock in the institution and became one of its directors. He was also interested in other banks in the county.

The body of the deceased capitalist was taken to San Francisco for interment.

High rents in Chicago are causing tenants to leave hiuses and live in tents. It's a moving spectacle.

Chances are some of our newly arrived immigrants think that, "Yes, We Have No Bananas" is our national anthem.

FLAMES ENDANGER FORMER SALOON

The fire department responded to a call from box 13 yesterday afternoon to find the flames sweeping along the dry grass that lines the side of the creek near the electric tower. The flames had advanced to the old shanty, which was in the very early days of Redwood City the Monongahela saloon, the first but not the last saloon to be operated here. The building is one of the oldest in the county. The efforts of the department succeeded in saving the ancient shack and other buildings on the block. The cause of the fire was smouldering grass left from a fire in another part of the block earlier in the afternoon.

WIFE OF ATTORNEY PASSES

The friends of Rufus H. Kimball, who frequently practises in the local court, will regret to learn of the death of his wife. Mrs. Kimball passed away at her home in Burlingame, Sunday morning, after a long illness. She is survived also by three small children and by her parents, Mr. and Mrs. Charles Eaton, of Santa Barbara.

The funeral services were held at her late residence last Monday afternoon, Rev. W. A. Brewer of the Burlingame Espiscopal Church officiating.

WHAT SAN FRANCISCO WANTS

The official organ of San Francisco Chamber of Commerce, Business, this week publishes a map of the territory which it is proposed to annex to San Francisco. This map is interesting to the residents of San Mateo County, chiefly in the fact that it shows what our big neighbor in the north would generously let us keep. The line as shown on the map runs from Belmont, across the mountains to a point south of Half Moon Bay. It is alright for San Francisco to draw maps, but it is for the people of this county to decide whether they wish to be absorbed in the political toils of San Francisco or whether they will maintain their own government and manage their own affairs.

BIG CARNIVAL PLANNED BY HIGH SCHOOL STUDENTS

The students of Sequoia Union High School are planning a big carnival for the evening of September 28 at the new high school grounds. Elaborate plans have been outlined and the affair promises to be an enjoyable one. The admission has been announced as ten cents.

There's enough coal to last 7,000 years, but how many of us have been sufficiently foresighted to put enough in our cellars to last that long?

SATURDAY, SEPTEMBER 15, 1923.

TWO BRIDGES

The War Department of the United States Government has sanctioned the construction of both the Webb, Coyote Point Bridge and the Dumbarton Bridge. This is as it should have been. If Col. Webb can get backers to put up the $10,000,000 necessary to finance his plan, the people should welcome the fact. The money put into circulation thereby, will mean much to this section. The bridge itself will be of inestimable value and it will not cost the people of the county anything.

The Dumbarton Bridge will cost approximately $2,000,000. Mr. Harrington beleives that he will have no difficulty in financing his proposition. This bridge will mean more to Redwood City than the Webb Bridge will, but we believe that anything that helps San Mateo County, helps Redwood City. The Dumbarton Bridge will bring a great many travelers through our town. It will shorten our journeys into the interior. We welcome the Bridge—we hope that the projectors of both bridges will reap great returns from their ventures.

THE BIG TUNNEL

The big tunnel west of town, through which will run the pipes carrying the snow waters of the Hetch Hetchy into the sun kissed valley of the Crystal Springs has been completed. The bore is 8684 feet in length and was finished in almost exactly fourteen months from the day it was started. Over a hundred men have been at work on each end of the hole and so true was the calculation of the engineers that the men at work met each other at the exact spot at which it was intended they should meet. ,

The work has been carried on in such a manner that there were no accidents recorded. San Francisco should be proud of this record. Her officials undertook a big task, which they carried on successfully and expeditiously. No fuss was made about the matter. They had a job to do and they went ahead and did it in the right way.

TEACHING THE TEACHERS

The Call and Post of San Francisco had a proposition last week that appealed to us. The writer suggested that our government should use its transports and surplus shipping board vessels during the summer to transport teachers to other countries in order that they might learn conditions, habits, physiography etc., and bring the facts back to our boys and girls. It was suggested that the teachers should be charged their actual expenses while on the trip.

We can think of nothing that would so stimulate our teaching force. Not only would the teachers learn many lessons that they could never find in books, but they would also come back refreshed in body and mind and so be able to give to the pupils a better kind of teaching than they can now give.

We hope that the Call and Post idea may receive serious consideration.

MEMORIES

Memories are great things, if they are the right kind. Not long ago I heard an elderly lady say that all of the money she had used on a European trip was well spent because of the memories she now has.

Up at San Bruno, Monday, a high school girl was queen of the celebration. It didn't mean much perhaps in the history of the town who the girl was, but she will always cherish the memory of that day and if fate is kind she will show her grandchildren her picture taken when she was queen and the memories that will cling around the event will be of the happiest sort.

We could tell of other memories that other people have, that are not the right kind of memories. We like to forget the bad things, but sometimes we can't.

Just now a national organization is appealing to the people of this country for aid for a stricken people. We will always remember the appeal when we think of the Japanese. If we do our part now and give to those who need our gift, our memories of the event will be right. If we go on and let "George do it," our memories won't be so good.

A DANGEROUS CROSSING

School has started, and with the increasing attendance at the high school, larger classes have been housed in the buildings of the new school ground. Soon all the classes will be lodged in the new building, and then literaly hundreds of girls and boys will have to cross the highway several times a day in going to and from school. The highway is dangerous at any time, and with the increasing number of cars is becoming more dangerous each month. Provision should be made to safegaurd the lives of these children attending school. A traffic officer at this corner would help the situation at present, but in time we would like to see an overhead bridge or a subway across the highway at this point, over which pedestrains could pass without danger of being killed or maimed. When we suggested this once to a citizen he said: "There has never been any one killed on this corner." This is true, but must it cost a human life to arouse the people to the need? Until we have done all in our power to make this corner safe for the children of the school, we have not fulfilled our duty as citizens.

FEEL RIGHT FOR THE TOWN

Progress is chiefly the result of mental influence, and that citizen who believes in the future of his town and has confidence in his neighbors is a greater asset to the community in which he lives than many fine buildings. What a town is, depends upon the spirit of the individual citizen more than upon any influence which may operate from the outside.

SUPERVISORS CANVASS ATHERTON RETURNS

Other Matters of Interest Receive Attention of County Boarb

As Monday was a holiday, the San Mateo County Board of Supervisors met for their regular meeting on Tuesday morning. The first matter to be taken up by the supervisors was the Atherton election, which was held last Firday. Mathew Harris was sworn and testified that the notices of election were duly posted according to the law providing for such matters. The board then proceeded to canvass the election returns and found the returns to be favorable to incorporation by 114 to 16. A resolution was therefore introduced by Attorney Reddington, who represented the promulgators of the incorporation idea in Atherton, declaring the election carried, and making Atherton a town of the sixth class. Supervisor MacBain moved the adoption of this resolution and Supervisor Hickey seconded the motion. It was carried unanimously.

After making this disposition of the election in Atherton, the board turned its attention to the proposed improvement of the streets in Lomita Park. This matter was introduced by attorney J. B. Gordon of San Mateo. Resolutions were introduced and passed setting the grade of the streets in Lomita Park, accepting plans and specifications presented by deputy county surveyor, Bob Klassen, and setting Monday, Oct, 15th, as the time for hearing.

A report of the county's financial condition was filed with the board by county auditor, J. J. Shields, together with a statement from the State Comptroller on the outstanding indebtedness.

After reports were received from the various county officers, the county Clerk was empowered to pay for right-of-way condemned by court proceedings for the Sky-Line road, according to the prices set by the court.

A list of material from the county farm, to be transferred to the new County hospital was furnished by E. R. Eubanks. This list was turned over to Ernest Werder, county purchasing agent, who will have charge of transporting the material. The sheriff was also odrered to turn over to Werder a large amount of junk, consisting of liquor making aparatus and similar supplies seized in raids in this county. This will be disposed of by the purchasing agent.

Sheriff Lampkin appeared before the board and asked that his office be supplied with a Dodge car instead of the Ford, which was ordered for him. After due consideration, the board acceded to the sheriff's request, and canceled the order for the Ford and ordered a Dodge.

State aid was recomended for two families by the Social Service Commission, and was approved by the board.

A comunication from H. A. Jastro, president of the State Agricultural Society, was received congratulating the county upon the fine display made at the State Fair, and complimenting Chester Haggett, who was in charge of the display.

A letter received from Oscar A. Foster of Santa Cruz, asking for the specifications for the Pescadero to county line road recently finished, that similar specifications might be used in finishing the road to Santa Cruz, was referred to the county engineer.

Adolph Siegle was appointed by the board as assistant engineer at the new hospital, and his salary fixed at $150 per month.

A large number of claims were passed by the board which then adjourned.

BIBLE LECTURE IN NEAR FUTURE

What will probably be considered as one of his greatest lectures, "Armageddon at Hand," was delivered in Los Angeles on August 26 by Judge Rutherford, president of the International Bible Students Association, and the author of the famous lecture, "Millions Now Living Will Never Die." People traveled as far as from San Diego to hear the great lecturer and the streets are said to have been crowded with the throngs who crowded around the gaint coliseum of the southern city.

It is announced that, as is the custom of the Association, the lecture will be carried to all parts of the country by able speakers. Those who remember the lecture "Millions Now Living Will Never Die," will be pleased to learn that early in the itinery of the Association, arrangements have been made to have the great theologias's lecture given in Redwood City. No definite date has been set so far, but R. O. Kent of San Jose, who is making preliminary arrangements was in town this week and says that the people of Redwood City may expect this great treat in the near future.

LAST WILL OF AUGUST LUND

The Will of August Lund was filed in the Superior Court yesterday by Jas. T. O'Keefe, the attorney for the petitioner. All the estate is willed to the surviving wife, Julia Lund. There are no heirs, other than the widow. The property consists of several valuable pieces of property in San Bruno, stock in the Standard Oil Company and cash in bank. The estate will not exceed the sum of Ten Thousand ($10,000) Dollars.

MANY CONTRIBUTE TO AID JAPANESE

The collection of funds by Redwood City Chapter Amer. Red Cross, for Japanese Relief, under the direction of Roy W. Cloud, chairman of the local chapter, has progressed well and it is the hope of the local directors that the quota of $650 may be doubled.

The committe in charge of the collection decided against a house to house canvass for funds and made their appeal through the newspapers. A number of citizens have come forward with donations, but it is to be hoped that practically every firm and family in this jurisdiction will do something for this worthy cause. There has never been such a need for help as there is now in Japan, and everyone should feel that it is a privilege to give to help those in such dreadful straits.

The misery and want of the Japanese can hardly be realized so it is absolutely imperative that the people of Ameirca should take a little from the plenty which they have to make conditions just a little better in the far off islands. Winter is just beginning to come in Japan and unless aid is give there will be even greater distress than that now being suffered. It is hoped therefore, that those who have not yet given will feel that it is their duty to do so. Contributions may be left with either of the two banks, with the three newspapers or it may be left with practically any business place in town to be turned over to Mr. Cloud.

The list of those who have given is as follows:

Teachers and pupils of R. C. Grammar School	$125.91
Mr. and Mrs. D. W. Williams	50.00
Mrs. H. S. Zane	50.00

So long as it's old-fashioned to be old-fashioned, youth is not going to be that way, but wait until some bright social leader makes it fashionable!

COUNTY REDWOOD PARK CLOSED FOR THE SEASON

In accordance with orders issued at a recent meeting of the Board of Supervisors, the tract of redwood forest known as the Peterson tract and purchased by the supervisors for a county public park, has been closed to campers and picnickers for the season. Geo. S. Grant, head of the Touring Bureau of the State Automobile Association, has issued notice to the public to that effect.

A large amount of tan bark was being cut on the property at the time of purchase, and refuse not yet removed acts as a fire menace. Furthermore, a large amount of work must be done to put the place in readiness for motorists, hence the order to close.

Until you have learned to laugh at priggish pretenders, you are, in secret, one of them.

WELL-KNOWN COUPLE MARRIED IN SAN MATEO

Phillip Bozzo, a popular young man of this city who has made his home with his family at the corner of Webster and Bradford Streets, was united in marriage with Miss Dolores McPhillips of San Mateo, Wednesday morning. The nuptial services were performed at St. Matthews Catholic Church, Rev. Father O'Neill officiating. Miss Gertrude Reed attended the bride as bridesmaid and Harold Bozzo served as best man. Russell Wilson and Joseph McPhillips were ushers.

After an elaborate wedding breakfast served at the home of the bride, the young couple left for a honeymoon trip to the Russian River. On their return they will make their home in Redwood City.

Mrs. Bozzo is a charming young woman and has been connected with a San Mateo realty firm for the past year. Mr. Bozzo is a trusted employee of the Pacific Gas & Electric Company and has resided here since his childhood.

After you've made up your mind that never will things be right with your car at the same time, you'll get some fun out of driving.

Electric Signs Draw Business

INCREASED yearly profits of from $500 in the smaller California towns, to $22,000 in the larger cities are reported by thousands of electric sign users. You can follow their lead.

The progressive dealer realizes that his electric sign is working for him all day long and far into the night; attracting attention; reminding the public of new ideas. Competitors without electric signs shut themselves off from their patrons with the approach of night.

Call at any P G and E office, or at your local dealers and find out how you can obtain an electric sign on easy payments.

Cleaning Without Odor by the F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

COMMUNITY HOSPITAL IS NOW OPEN

The new San Mateo County Community Hospital at Beresford was opened for business Monday. Mrs. Margaret C. Tavelle, who is in charge had everything in readiness and the first patients were five cases from the County Hospital, who were brought to the new institution by Superintendent Jas. R. Eubanks. Since Monday four additional patients have been admitted, making nine who are now inmates of the hospital.

The new Community Hospital is one of the best equipped and most modern institutions for the alleviation of suffering and for the care of those who are ill, to be found in this section of the state. The supervisors and Purchasing Agent E. H. Werder, have spent months in planning so that every detail would be in readiness when the hospital was opened.

Mrs. Travelle, who is in charge has had a wide experience in the conduct of such institutions. She has been connected with hospitals in a number of states. Her last work, before coming here, was with the Childrens' Hospital, San Francisco, which she managed for the past two years. She expects to conduct the hospital in such a way that it will be recognized by the surgical board of the state as a place which may become a regular training school for nurses.

Still if the farmers should get sore and not raise crops, they couldn't raise their mortgages.

The living that the world owes you, if any, probably is not nearly so good as you think it ought to be.

Practically everybody has some sense, but a good many appear to be trying to conceal it.

Fair Creditors To Bring Suit

According to word received this week from the law firm of Ross & Ross, the creditors of the Peninsual Pageant of Progress, the fiasco which was staged some time ago at San Carlos, contemplate filing suit against those who guaranteed the affair. When the proceeds of the fair were compared with the expenses, it was found that there existed a difference of about $18,000 with the proceeds on the short side. When the fair was planned it was supposed to cost about $11,000 at the most. As those who guaranteed the fair were told that the cost would be $11,00 and were also told that this amount had already been collected from exhibitors, many feel that they were duped into signing the guarantee. Many of those who guaranteed the fair have already paid their proportion, but many others feeling that they were deceived have refused to do so, it is from the latter circumstance that the prospect of a suit arises. Those who were left holding the sack, are naturally disposed to resent the manner in which they were led into this unfortunate affair, and are slow to dig down into their own pockets to the extent of $100 for an affair in whose direction they had no part, and to which they even had to pay admission when they wished to attend it.

BAPTIST CHURCH

The usual Bible study hour is at 10 o'clock.

At 11 o'clock is the period of public worship and Biblical instruction. Mrs. Garrard of Berkeley will speak at this service.

Evening meeting at 7:30.

The pastor will speak on, "The Gospel That Empowers for Service in Life."

It will help you to worship with us. COME!

EASTERN STAR WILL HOLD GOLDEN JUBILEE

Many members from this section will attend the Golden Jubilee of the Order of Eastern Star, which will be celebrated at the Hotel Whitcomb from October 16 to 19. The twenty-seven San Francisco orders are making elaborate plans for the entertainment and welfare of the 10,000 delegates and visitors who are expected from all sections of the State. Mrs. D. E. F. Easton, prominent club leader and junior past grand matron, is general chairman of the committee on arrangements.

CHANGES AT CARMEL ACADEMY

School at Carmel Academy is now running on regualr schedule with approximately 175 children in attendance. Several changes in the faculty have taken place within the past two weeks. Sister Rita Dolores who has had charge of the third and fourth grades for the past three years, has been transferrel to Alameda, and her place has been filled by Sister Mary Genevieve of the training school, San Jose. Sister Callista, also from San Jose, has taken charge of the work in music, suceeding Sister Mary Benedicte, who has become Sister Superior of the convent at San Jose.

A high-powered car isn't necessarily driven by a high-powered man.

There might not even be any objection to the speeder if he didn't speed.

Runnymede News Briefly Told

A mass meeting has been called for next Wednesday evening in the school auditorium to settle the name of this community. Seven years ago when the colony was organized it was named Runnymede, and as additions were added to the original acerage, they were called 2nd addition, 3rd, and so on, the last being the O'Connor tract, which is recorded in the County offices as the 4th addition to Runnymede. All these years this community has been known by and advertised by that name all over the world.

In the last few months there are those who are using the name of Ravenswood and the result is a community fight. As a result this meeting has been called for the property owners in the territory bounded by the Bay Road on the north, San Francisquito Creek on the south, Menalto Ave. in the west and the Bay on the east, to decide by vote on one of the two names or choose a new one, whatever the wish of the people may be regarding the matter.

No community could have made greater strides in progress and there was never the least inharmony, the community working as one family until the last few months.

Every resident property owner will be notified of this meeting and the matter taken care of at that time to regain the co-operative spirit we were noted for having.

Mrs. Margaret White Coxon of Los Angeles is here for a few days visit with her parents, Mr. and Mrs. R. G. White on Walnut Street.

Mrs. Jessie Harte is in San Francisco for a few days.

A. A. Arrends and family of Redwood City were visitors at the E. R. Laim home Sunday.

Fred Sahlstronr of San Mateo passed Monday at the A. O. Anderson home.

Mrs. Grace Countryman and two children of San Francisco were week end visitors with Mr. and Mrs. Geo. Campion and their son. N. L. Borgealt and his wife and daughter were also with them Admission Day.

George E. Furbush of Alameda was a guest at the home of his sister-in-law, Mrs. Ida Furbush, Sunday.

The Harpers and Mr. and Mrs. Joe White, who were down from Oakland over Admission Day, motored to Morgan Hill, Monday to pass the day with relatives.

Mrs. A. E. Gravestock and daughter, Mrs. Edith Miller, were San Jose visitors Tuesday.

Mr. and Mrs. P. Hansen and granddaughter, Hazel, former Runnymede residents, and Miss Mabel Gallagher were down from San Francisco, Saturday, calling on old neighbors.

Mr. and Mrs. Lloyd Martinelle motored down from Santa Rosa Saturday to have a week end visit with the home folks.

Chester and Hazel Crisman of Ceres were visitors at the M. P. Olesen home Sunday.

W. S. Wardlaw and family motored to Salinas for a week end visit with a brother and his family this week.

Mrs. Gilbert Findley has returned from a visit in Berkeley.

The birthday anniversaries of C. E. Self and O. D. Wells were celebrated by a dinner party at the Wells home, Monday evening. Mr. and Mrs. Self and Mr. and Mrs. J. B. Maynard being the invited guests.

Mr. and Mrs. Roy Partridge of Oakland and little daughter visited at the Matteson home the first of the week. Mrs. Partridge was formerly Alice Matteson.

Miss Helen Crowther is passing the week in Oakland and will leave Monday to enter the San Jose Normal. Irene Crosby is another Runnymede girl entering the Normal.

Mrs. A. A. Dezso entertained Wednesday afternoon, complimenting the birthday of Mrs. C. T. Self, the close friends of the guest of honor being the invited guests.

Water Softening Explained

The meeting of the Redwood City Progress Club, Wednesday was taken up by an explanation of the problems of water softening. Edward H. Aldworth, manager of the Permutit Company, San Francisco, which specializes in water softening and filtration, plants explained in detail how water is softened. It was shown that the calcium and magnesia salts which impregnate Redwood City water would be changed into sodium salts and thus the hardness and the slightly brackish taste would be removed. Mr. Aldworth maintained that the water thus treated would be softer than rain water and would result not only in a better product, but would be a great help in laundrying. He explained also how the scale in the pipes would be dissolved as a sulphate and flushed out of the pipes. He also claimed that the life of boilers, pipes, etc., would be lengthened greatly. His estimate of the cost of a plant for Redwood City was, that installation would be between $11,000 and $15,000.

As Redwood City is to vote on the acquisition of its own water system shortly, it behooves the people of this vicinity to know something about the problem. The water now in use is unusually good water, but it is hard and has a brackish taste. This condition is caused by the fact that the supply comes from under the bay and runs through strata, which contain deposits of magnesia and calcium.

LOCAL BLDG. & LOAN ASSN. TO MATURE $20,000 IN SHARES

Announcement is made this week by the San Mateo County Building & Loan Association that series No. 78 of its stock will reach its matured value of $200 per share on September 20, when $20,000 will be distributed to the shareholders in that series, this amount being the accumulations of the monthly dues paid in and compounded interest earned thereon. The shareholders are privileged to withdraw the value of their shares in cash or allow the same to remain on deposit with the Association for which interest bearing certificates of investment are issued, a safe and profitable form of investment.

There is a good demand for loans from the association, principally for the erection of new homes, many in Redwood City and vicinity. Investors with the Association are thus aiding the improvement and upbuilding of the Peninsula through a local institution and also relieving the shortage of homes, which has been a very serious condition.

Series No. 124 is now open for subscription and will continue until December 1st when a new series will start, 1st instant and investments are encouraging.

Information regarding investments and loans on easy monthly payments may be obtained at the office of the Association, 90 Broadway.

JUNIOR COLLEGE COVERS NEEDED REQUIREMENTS

Back from vacations, which in some instances included some globe trotting, 70 students have enrolled in the courses offered at the San Mateo Junior College.

With a real enthusiam that has its root, possibly in the fact that they have a college building solely for their own use, they are responsible for the new life that is holding sway at the former home of the Kohl family, Fifth and Laurel Sts., San Mateo.

The purpose of the Junior College throughout California is twofold: (1). to prepare students for junior standing in a standard college and (2) to prepare members of a given community for a finer citizenship.

On Monday, August 28, 192', the San Mateo Junior College started its second year with courses equivalent to those offered at Stanford University and the University of California. The co-operation of University officials and the heads of various academic departments has made it possible to arrange the programs of the individual students so that they will have full standing upon entering the university in their junior year. Students who are not preparing for college are permitted to take special work and are not required to take any particular number of hours.

In 1907 the State Legislature passed an act enabling high school districts to add a two year college course to the traditional four year course. In 1910 Fresno became the first high school to avail itself of this opportunity. By 1914 there were ten and at the present time there are twenty-two junior colleges in California.

The instructors in the college preparatory department have all taught their different subjects as university assistants and have been vouched for by the University of California as being "acceptable college instructors." Miss Tempe Allison, Instructor in English, is Dean of Women. Mr. Robert J. Hopkins, Instructor in Physics, is Dean of Men.

The college has been fortunate in securing as athletic coach Hughie Mc Fadden, former end on the Oregon Agricultural College football team, who will hold down a position on the Olympic Club eleven this season.

A Junior College Dramatic Society has been organized and will present its first performance of the year early in the fall.

Before entering a fight, discover your opponent's weakness — and then you won't wish to fight.

EDWARD BULLIVANT, PIONEER RESIDENT, LAID TO REST

Beneath a veritable mound of California's most beautiful flowers, contributed by loving friends and the members of a devoted family and relatives, the mortal remains of Edward, affectionately known by the kiddies on the street as "Dad" Bullivant, another of the pioneers of this city to depart this life forever, was tenderly laid away in Union Cemetery, Tuesday afternoon last, while tear-dimmed eyes of a large concourse of his fellow men and women assembled at the Bullivant home and grave, bore mute evidence of the high esteem in which the deceased was held by those who had known him in life.

Stricken but a few months ago by an incurable malady, he resigned himself to the inevitable. The best physicians obtainable were summoned to his bedside, and his wife and children administered to his every want, but all that could be done was to alleviate his sufferings and await the summons of the reaper, and at 1.30 P. M. last Sunday, at the Fuller Street home, surrounded by his entire family, the dread messenger arrived, and the spirit fled to He who gave it.

In his passing a void will be keenly felt by many outside of his immediate relatives, particularly by the old-timers who had known him in his young manhood when he took unto himself as his wife, Annie M. Early, who still survives, daughter of Peter Early, one of the men who helped make history when this county was in its infancy, and a woman who will need no monument to extoll her true worth as a devoted wife and mother.

Born in New Haven, Conn., 65 years ago, Mr. Bullivant came to Redwood City when 20 years of age. He was an epexrt butcher, a calling which he followed up to a few years ago. Of a fine, robust physique, men were few and far between who could outlift the deceased. Nature endowed him with a bright, cheerful disposition which enabled him to make friends wherever he went and it may be safely stated that he passed on leaving not an enemy in the world. The many acts of kindness which he preformed are too numerous to be here mentioned. He has passed from among the living and his cheerful "good morning" will be heard no more, but he has left to posterity, besides his amiable wife, a family of four sons and four daughters, who together with their mother, enjoy the highest respect of this community. Besides these children, consisting of Edward, Marion, Henry, Annie, Earl, Lottie, Albert and Grace, the deceased left surviving a sister, Mrs. Marion Pfeifer, and four brothers Thomas, Ralph, Albert and Marcus Bullivant. The spaciuos home of the bereaved family at 216 Fuller Street, in this city, was filled to overflowing with sorrowing friends and relatives to pay a last tribute to the deceased and after services by the Rev. E. J. Molony, of St. Peters Episcopal church, the body was escorted to the grave, where further services were held, by one of the largest funeral processions seen here for some years. Antonio Genochio, John Redmond, Ray Zimmer, J. W. Wilson, Joseph Meyers and Claude Fox, old friends of the deceased, acted as pall bearers.

Many children now enjoy attending school. Next, the millenium.

The leaders of men largely are those who "never had a chance" and so went out and made themselves a lot of them.

Mrs. Carrie A. Jury Dies

Mrs. Carrie A. Jury, well known in Redwood City, passed away in San Francisco, Tuesday. Mrs. Jury was born at the old Murray home in Beresford and grew to womanhood there. During the past twenty years she has made her home in San Mateo, and was the wife of Richard H. Jury, former editor of the Times-Gazette, and who represented San Mateo County several terms in the state assembly. She is survived by one brother, Burleigh C. Murray of Beresford and by a number of nephews and nieces.

The funeral was held Thursday in San Francisco and interment was private.

It's RED CROWN for the EXPERIENCED MOTORIST

Looking for something *new* to do this evening? Then, all of you, get in the car—enjoy a refreshing jaunt down the road—*make it a surprise party for your friends ten, twenty or thirty miles away!* The needful "Red Crown" in your tank won't cost you much, and it's probably *ages* since your last cozy visit together. "Red Crown" carries you far — in miles and in friendship. Try *their* fireside tonight!

BEFORE THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN MATEO, STATE OF CALIFORNIA.
In the matter of the Application of Certain Electors and Residents of Menlo Park to Incorporate Certain Portions of the County of San Mateo, as a Town of the Sixth Class to be known as the "TOWN OF MENLO PARK."

PETITION

To the Honarable Board of Supervisors of the County of San Mateo, State of California:

The petition of the undersigned respectfully shows:

That we, and each of us are qualified electors of the County of San Mateo, State of California, and we, and each of us are residents within the limits and boundaries hereinafter set forth and proposed for the municipal corporation herein named and proposed to be incorporated;

That the lands and premises and districts contained within the boundaries herein set forth and described are situated in and constitute a portion of the County of San Mateo, State of California.

That said district contains, and there reside within the boundaries of said proposed municipal corporation, which boundaries are hereinafter mentioned, less than six thousand (6000) inhabitants and more than five hundred (500) inhabitants, to-wit: eighteen hundred (1800) inhabitants, as nearly as can be ascertained by your petitioners.

That the lands and premises and the district contained within said boundaries are not incorporated as a municipal corporation and from no part of any municipal corporation.

That the name which we desire said municipal corporation to have and bear is as follows:

TOWN OF MENLO PARK.

That the boundaries of the lands and premises and district which we desire to have incorporated into a municipal corporation, as herein prayed for, and for the organization of which as a municipal corporation we now ask, are as follows:

BEGINNING at the intersection of the northeasterly line of the main county road leading from San Francisco to San Jose, commonly known as El Camino Real with the center line of Watkins Avenue, as said Watkins Avenue is shown on the map entitled "Menlo Park Villa Lots, Mitchell property."

Thence southeasterly along said northeasterly line of El Camino Real to its intersection with the center line of Alejandra Avenue produced northeasterly.

Thence southwesterly along the said northeasterly production and continuing southwesterly along the center line of said Alejandra Avenue, as the same now exists, to this intersection with the center line of Elena Avenue:

Continuing thence southwesterly along the center line of Park Lane, as said Park Lane is shown on the map of Quilota Tract to the northeasterly boundary line of the Linda Vista Tract;

Thence continuing southwesterly along the center line of Camino a Largo, as said Camino a largo is shown on the said map of the Linda Vista Tract to the northeasterly corner of Lot number 46 of the said Linda Vista Tract;

Thence southeasterly along the northerly boundary lines of lots numbers 46-39-31-24-17 and 10 of the said Linda Vista Tract to the west boundary line of Valparaiso Avenue:

Thence southeasterly across Valparaiso Avenue to the center line of Orange Avenue:

Thence southeasterly along the center line of Orange Avenue to the center line of Santa Cruz Avenue, also known as Route 7, Section 1, San Mateo County Highways:

Thence southeasterly along the center line of said Route 7, Section 1, and continuing southeasterly along the center line of Route 7, Section 2, San Mateo County Highway, to its junction with the center line of the road leading down to the bridge built by Senator Stanford (said road being known as the Mayfield County Road);

Thence easterly along the center line of said road leading to Mayfield, to the center of San Francisquito Creek, being also the San Mateo and Santa Clara Counties boundary line;

Thence northeasterly down the center of the San Francisquito Creek to its intersection with the center line of the Middlefield Road;

Thence northwesterly along the center line of Middlefield Road to its intersection with the center line of Ringwood Road;

Thence northeasterly along along the center line of Ringwood Road to its intersection with the center line of Bay Road;

Thence northwesterly along the center line of Bay Road to its intersection with the center line of Marsh Road;

Thence southwesterly along the center line of Marsh Road to a point where the northwesterly line of that certain tract containing 54.77 acres formerly belonging to the W. J. Adams Estate Company extended northwesterly, is intersected by said center line;

Thence southeasterly along the said northwesterly extension and continuing along the northeasterly line of the said formerly W. J. Adams Estate Company, 54.77 Acre Tract, to the most easterly corner thereof;

Thence southwesterly along the southeasterly line of said 54.77 acre tract and its extension, southwesterly to the center line of Middlefield Road;

Thence northwesterly along the center line of Middlefield Road to its intersection with the center line of Watkins Avenue, as said Watkins Avenue is shown on the map entitled "Map of Villa Lots at Fair Oaks."

Thence southwesterly along the center line of said Watkins Avenue and continuing southwesterly along the center line of the first hereinbefore mentioned Watkins Avenue to the point of beginning.

All of the property included within the above description is situated in the County of San Mateo, State of California, and includes all the remaining portion of the Menlo Park school district not included within the proposed boundaries of the Town of Atherton.

Notice is hereby given that on Monday, the 1st day of October, 1923 at the hour of ten o'clock in the forenoon of said day, or as soon thereafter as the undersigned may be heard, the undersigned will present to the Honorable Board of Supervisors of the County of San Mateo, State of California, in open and regular meeting of said Board at its chambers in Redwood City in said County, for hearing and consideration by said Board of Supervisors pursuant to law, this petition as herein set forth and affidavit as hereto attached.

WHEREFORE, we your petitioners pray, pray that all of said County of San Mateo, included within the aforesaid boundaries to be incorporated as a municipal corporation to be known as and to have and bear the corporate name of the TOWN OF MENLO PARK as aforesaid, and that your Honorable Board take such action and proceedings therefor, as may be required under the provisions of, and as provided by an Act of the Legislature of the State of California, entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and Acts amendatory thereof.

Dated this 12th day of September, 1923.

NEWS OF MENLO PARK

On Saturday, September 8, in Mills Memorial Hospital, San Mateo, a baby girl was born to Mr. and Mrs. David Moore, nee Gale. Mother and baby are doing nicely.

Desmond Sullivan, young son of J. H. Sullivan, was operated upon in Mary's Help Hospital San Francisco, last Saturday for appendicitis. The operation was quite successful. The patient will be able to return to his home here within two weeks.

Mr. and Mrs. Boyd Braden and their child and Paul Walsh, son of Constable Martin Walsh, left on Sunday for Cincinnati to remain for several months at Mr. Braden's studio there. He is engaged in the moving picture business, and expects to make a number of films while there. The party is to spend some time in New York before returning to Menlo Park.

Mr. Peterson, who owns a string of moving picture theatres, is to reopen the Menlo theatre. The new concrete playhouse to be erected on the highway is to be under his management. Mr. Peterson owns theatres in San Bruno, Daly City, South San Francisco and Niles.

A number of Menlo citizens having been enjoying the beauties of Gilroy Hot Springs during the week. Among the sojourners there are, Frank Maloney, John Morey, John MacBain, Miss Meta Kugeler, Miss Moriarty, Mrs. B. Burke, Johnnie McGucken and Charley McSwatt.

Local nimrods are securing the limit almost every day in doves, the season for which opened on September first. There is good shooting in all the grain fields in the vicinity and around the pools in the San Fracisqcito Creek. Hunters are preparing for the opening of the duck season, which begins on October first. Quail shooting is not permitted until November first. This bird is rapidly disappearing and it will only be a few years before the quail will be extinct.

The voters of Atherton may be congratulated upon the personnel of its officials selected at the election last Friday. They are splendid business men all of them. M. A. Harris, chosen as trustee, is engaged in the lumber business, is successful and a big property owner in the new municipality. He is a genial gentleman having a host of friends on the peninsula. F. H. Crosby, also a trustee, is a San Francisco man of ability, with a wide experience in municipal affairs. Eli Weil, is a brother-in-law of Herbert Fleishhacker, is wealthy and is a man of affairs. C. L. Bonestell is the well-known newspaper dealer, who knows the wants of his community. He will make a good trustee. The other trustee is Edward L. Eyre, who is one of the directors of the Spring Valley Water Company and is interested in other large concerns. His charming wife is the former Florence Atherton, whose family founded the Town of Atherton and it is but fitting that Mr. Eyre be chosen as the first mayor of the new municipality, a position he would fill with honor. C. F. Michaels, the treasurer, is a member of the wholesale drug firm of Langley & Michaels of San Francisco. All money intrusted to him will be properly expended and accounted for. The clerk C. R. Walter has had a long and successful career as a businessman and will make a splendid clerk, one of whom the taxpayers may well feel proud. The board of trustees will soon meet and organize, and appoint a city marshal. The board is grooming a well-known Atherton man for the coveted position.

Mr. and Mrs. Warren Speiker will give an al fresco luncheon tomorrow at their summer home in Menlo Park, and later they and their guests will attend the Clark and Brown Rodeo at the Menlo Circus Club.

A feature of the rodeo will be the riding exhibition given by some of the older boys belonging to the Menlo Circus Club, among whom will be Mr. Gordon Coryell, Mr. John Selfridge, Mr. Royal Coryell, Mr. Harold Westfall and Mr. Boyd Weir and John Shortridge.

Miss Winifred Linforth, daughter of W. H. Linforth, won 12 ribbons at the State Fair at Sacramento. Miss Linforth is a great horse woman, and a skilled equestrienne. Her horses carried off all stakes.

Mrs. Eugene Kelly has sold her property on Los Trancos Creek adjoining the Stanton estate on the Portola road, to a San Francisco business man, who is to develop the choice holding. It is said the sum of $25,000 was paid for the choice realty.

During the month sales of real estate in the vicinity of Menlo Park amounted to $100,000. All the purchasers were from San Francisco. This is an index to the real estate transaction occuring in this community, which shows that realty here is in big demand. Menlo Park is the best portion of the peninsula, and investors and home seekers are awakening to that fact.

The petition for the incorporation of the Town of Menlo Park was filed in the county clerk's office during the week. There were 122 names of residents and taxpayers on the document. The board of supervisors will hear the petition October first and the election is to be called shortly thereafter. The proponents will make a determined effort to carry the election. The boundaries of the proposed incorporation will include the lines of the Meno Park school district having a property valuation of $2,000,000 from which the sum of $20,000 anually could be derived in taxes at the one dollar rate.

All of the silver stolen recently from the residence of Mr. and Mrs. Fletcher Hamilton in Menlo Park has been recovered by Sheriff H. W. Lampkin and returned to the owners, it was announced this week at the Sheriff's office. The rifle, suitcase and other small articles were not recovered with the silver, which was found in a house at Columbia Avenue and Stockton Streets where it had been sold by Dean Foster, now serving a six months' sentence in the county jail for petty arceny on account of the theft of tools from a tractor belonging to W. W. Thompson, contractor.

Following Foster's arrest, he was recognized from the description given by a San Francisco pawnbroker as a man who had endeavored to sell a quantity of flat table silver and a silver tea set. After questioning in the presence of Mrs. Hamilton, Foster admitted that he was the man, and gave the Sheriff the information as to where he had disposed of the loot. The suitcase and rifle he turned over to some other man, he said, and does not know the address.

The Men's Club of St. Paul's Episcopal Church, Burlingame, entertained the Menlo Park Men's Club Thursday evening at the North Burlingame Guild Hall. Charles H. Spear, State Harbor Commissioner, made the address of the evening.

Miss Virginia Loop, daughter of Mrs. F. S. Loop, will be married to Charles S. Hobbs, September 15, in Menlo Park, at the home of Mr. and Mrs. C. F. Michaels. It will be a garden wedding, as so many have been recently, and as the Michaels garden is among the most beautiful down the peninsula, it promises to be a beautiful affair. The bridesmaids, all of whom are pretty girls, will wear green tulle gowns with hats to match, forming an attractive contrast to the bride in her white bridal robes.

Mr. J. VeVerka, agent for the Southern Pacific Company here, has returned from his annual vacation spent in Eastern Colorado, where he visited his aged mother and his former home. Mr. VeVerka also spent a portion of his vacation in Southern California.

A hurt look upon a woman's face either reduces a man to subjection or makes him want to go out and fight.

It's easier to contract debts than to expand income.

Still there are more chronic workers than chronic loafers.

EARLY DAYS IN MENLO PARK RECALLED IN INTERESTING LETTER

Pioneer Woman Writes of First Visit To Menlo Park and Tells Of Early Impressions

Mrs. Lama B. Crawford, who came to live in Menlo Park as a girl in her teens, in the fifties has a vivid recollection of the events of those bygone days and although past the allotted three score and ten is still enjoying splendid health and in full possession of her mental brightness, and is never so happy as when telling of the early events of Menlo Park. Her son, Dr. A. E. Blake, resides here and she often visits him. Always enjoying to loiter amid the scenes of her youthful dreams. Mrs. Crawford writes the following reminiscences of Menlo Park in the early fifties and they will be read with interest by all:

"I arrived in San Francisco from New York September 28, 1859, on a visit to my aunt and uncle, Mr. and Mrs. Gen. G. C. Johnson, whose residence was in South Park. After I had rested from my three weeks' trip by ocean from New York, my aunt decided that a trip to the ranch at Menlo Park would be a pleasure and a benefit to me. So the rockaway with two black horses left San Francisco one beautiful morning in October with my aunt, myself and two servants for Menlo Park.

It was a long tedious ride, thirty miles, we arrived at the big gate at about four in the afternoon. We were glad when the two tall trees that divided the counties came into view, for we were nearing home. The greatest thrill was experienced, however, when we stopped at the grand old gate. Well do I recall my first visit as we drove up the avenue to the house, an avenue under such lovely oaks, whose sheltering branches seemed to whisper to me of the future—for a city bred girl in her teens the freedom of the country seemed wonderful.

There was a cottage with large porches, complete in every detail—candles, open fireplaces—there were no electric lights nor steam heat in those days, and the hush and stillness of the place seemed to fill the old house with an air of peace and rest.

There were few families in Menlo in those days, and no sicial life; Menlo was isolated. But in a short time a hotel was built where the Southern Pacific station now stands. Some homes followed and the town showed some activity. People who owned land began to build homes, Captain Watkins of the S. S. Golden City built and called his place Fair Oaks. The Pryors, Selbys, Atherton and the Macondrays followed soon after. George Gordan built a home where the Stanford home now stands and called it Gordan Grange.

My aunt insisted that I learn to ride horseback, as she frequently did, and so the old colored man of the family gave me lessons. Many times I took guests riding, always to a particular spot, "Woodside," on the Middlefield road, afterwards owned by John T. Doyle and Casserlys, later by Mrs. Robert C. Johnson, who donated the land where St. Patrick's semihary now stands.

My Uscle's ranch of 700 acres was stocked with horses and sheep, and the corrals of hundreds of cattle seemed a wonder to me.

When I recall the numerous times, when in later life, I visited Menlo—the transportation being by means of the old Concord stages over the old county road, when the mud would be over the hubs of the wheels, holding one of my children in one arm, and hanging onto the straps overhead; and compare it with the generous highway, its increasing traffic, the numerous trains—I recall a little incident—my uncle would be irritated at the slowness of transportation, and would complain bitterly. To pacify him my husband, Dr. Blake, woud say, "Be patient, Captain, we will have a railroad soon." Then I can hear his loud stentorian voice and seafaring words, "That Yankee doctor is always talking railroad. What does he know about it?"

But the railroad did come, and now what is land without a railway? Could the camp which was located at Menlo a few years ago, have been possible without it? I wonder what my uncle would have thought at the sight of the tents, the bugle call, the tread of the sentinel on duty, in comparison.

In time my uncle transferred his stock to his ranch near Mt. Diablo, and cut up his land into villa sites. Not many were sold, however, before his death, when all his land went to his heirs, my cousins in New York.

My husband, Dr. Blake, purchased a twenty-one acre site, now known as the Blake tract. O the vissions I had, and the dreams I gloried in. Someday I would have a home in the center of this twenty acres, that my boys might have freedom for all their pursuits. It was not to be. However, in later years, I attempted to renew my desire for a home in Menlo, and my husband, Mr. Crawford and I built an artistic bungalow. We planted trees and vines and flowers. But alas it was too late—the scene was changed. Those voices and steps, which I had pictured in my dreams had left for homes of their own.

Now as I ride through the streets and avenues, over the land I trod in youth, I hold my breath, for the tears will fall, and the sighs will come, for the memories of Auld Lang Syne.

To transpose the word Menlo, it reads Lo! Men! This is one of God's green spots. Pitch your tent, for t'is here you will find Life's greatest asset, Health. With the best wishes for a prosperous future, this is my benediction to Menlo Park."

Respectfully,
LAURA B. CRAWFORD.

Dancing masters are so called because they are the only people who can master the new dances.

Last June's brides have discovered by this time that male persons need substantial food as well as kisses, and even can get along without the latter, in a pinch, but never the former.

What becomes of the mosquitoes after the summer resorts close.

The reason they say love is blind is because those who have it can't see their finish.

It's funny that we've only just recognized Mexico and yet she's been there all the time.

CONGREGATIONAL CHURCH

Rowland B. Dodge, Minister

Sunday will be in celebration of Rally Day.

Special Junior Endeavor Rally at 9:45 o'clock.

Speical Sunday School Rally at 10:30.

Classes will meet in class rooms.

Public Worship with sermon upon the topic: "Our Heritage." The minister will also preach a four-minute sermon to boys and girls. A number of children and babies will be presested for the baptismal service.

Senior Endeavor will meet at 6:30 in the evening.

The Evening Service will be at 7:30. The minister will speak upon the topic: "The Power of Influence." The young people of the church will assit in this service.

All offerings, aside from the envelopes at the morning and evening services of the church, will be devoted to the Red Cross Japanese Relief Fund.

Regularly on Wednesday afternoons the ladies of the church meet in the church parlors, and on Thursday evening the mid-week service is held.

AN OLD TIME DANCE

The Old Timers Club of Redwood City announce one of their regular old fashioned dances next Wednesday evening at the Foresters' hall. Dancing starts at 8 o'clock.

An automobile that won't go isn't as useless as a man that won't go.

Many a man has not known when he was well off until he was sued for divorce and alimony.

New York's manicurists threatened a strike that would call out all hands.

The Times-Gazette
Why?

BECAUSE it is the logical paper for the resident of REDWOOD CITY who is interested in the improvement of his home city. Printed, published, edited, and circulated in your own city, by men who are conversant with the needs and opportunities of San Mateo County, the Times-Gazette is the logical paper for the upbuilding and improvement of the home town.

WE believe that a great future is awaiting Redwood City, and we stand for all that will make that future GREATER BETTER and More SUBSTANTIAL
